**Popular options include:**

- Car ceiling enclosures @ \$125 per car
- Lobby surface mount fixture with chamfered sides saves cutting into marble or masonry walls (master station mounted inside) @ \$750
- 2nd digit display on master station @ \$125 per master station
- Single-digit display masters are automatically set to the number of cars in the bank. We are happy to preset your displays to other numbers or limited alpha which will save your mechanics time in the field. This may cause a delay in shipping your intercom. No additional charge.
- Master station assembly for mounting in custom fixture - No additional charge

**Additional Charges:**

- Regular shipments go out UPS ground within 3 business days unless otherwise requested. We can sometimes accommodate earlier shipments for an additional \$150 expedite fee per intercom. This charge is to bring someone in off-schedule, pack & drive the shipment to UPS.
- Restocking Fee for returned parts - \$75 each item.

JFillips does not offer master-to-master communication on any intercom.
