EVERCLEAR INTERCOMS
Prices Effective April 1, 2017
(Prices U.S.D.)

All pricing below is for complete intercoms. It includes a master station with #4 brushed stainless face plate (with either standard flush mount/recessed enclosure, surface mount machine room enclosure, or a master station assembly for mounting in a custom fixture), power supply with 12-volt 5-amp hour battery, and car amplifier for each car panel and in-use light for the car panel. A selector board is included if there is more than one car or more than one master station.

Everclear Intercoms
